- Tender documentation & assessment
- Digital fabrication & making
- 3D & AI-assisted visualisation

SOFTWARE

Revit · Archicad · AutoCAD · Rhino · SketchUp · Enscape · V-Ray · Photoshop · InDesign · Illustrator · Microsoft Office & Project · Aconex

AI TOOLS

Claude · ChatGPT · Gemini · Midjourney · Adobe Firefly · Veras · LookX · Stable Diffusion

PROFILE

Registered architect and artist with 12 years' experience across Melbourne practices since graduating in 2014, more than eight of them as a registered architect. I take education, civic, health and residential projects from briefing to completion, and have delivered more than \$50 million of public work for the Victorian School Building Authority, Fire Rescue Victoria and the Bendigo & District Aboriginal Co-operative. I use AI tools daily for visualisation, specifications and administration, and my public art work has given me first-hand knowledge of materials and fabrication.

EXPERIENCE

Jan 2026 – Present

Obsessive Architecture — Associate Architect

School and residential projects in Melbourne and overseas, from sketch design to tender: documentation, specification, consultant coordination and planning applications.

KEY PROJECTS Bialik College toddler pool (planning to tender) · Edu-Camp schools, Cyprus & Portugal · Camberwell, Caulfield North & Doncaster houses

Sep 2021 – Dec 2025

Workshop Architecture — Senior Project Architect

Delivered more than \$50 million of public projects from briefing through documentation and construction administration, coordinating consultants, builders, building surveyors and clients, including staged works at an operational fire station.

KEY PROJECTS Bunjil Wellbeing Place \$20M · Ringwood Fire Station \$12M · Braybrook College Auditorium \$7M · Bayswater Secondary College \$6M · Tarneit Senior College \$5.8M + labs \$2M

Jan – Sep 2021

Arcadia Studio — Project Architect

Multi-residential projects: an eight-storey apartment building in Moonee Ponds and 14 townhouses in Lilydale.

Jan 2017 – Jan 2021

EK Architects — Principal, own practice

Residential alterations and additions with Deb Konda Architect, planning permits and gallery projects; public sculptures with artist Louise Paramor and exhibitions with artist Sofi Basseghi (ongoing).

Mar 2015 – Dec 2016

Paul Morgan Architects — Graduate of Architecture

Education projects for TAFE Gippsland, Monash University, RMIT and Kangan Institute, including the first TAFE building in Australia rated 5 Star Green Star.

Jan 2014 – Feb 2015

MvS Architects — Graduate of Architecture

Design development and documentation for RMIT New Academic Street and Morpung Gallery House, Mildura.
